Developing your vision into reality...

LANDSCAPE AND SITE CONSTRUCTION SPECIALISTS

For over a decade, A&C has been the selected contractor for delivering our commercial clients' visions into realities! As a general landscape contractor and developer, A&C manages the construction, renovation, installation and development of any outdoor environment or amenity.

A&C's knowledgeable staff has unmatched project and site supervisory expertise with over 100 years of combined construction experience. Our staff credentials include a Registered Landscape Architect, LEED Accredited Professional, ARCSA AP, GA Licensed General Contractor, GSWCC Certification, and more! Our unique business model allows us the ability to build a team tailored for a specific project & client needs. Our competitive pricing through key supplier, vendor and subcontractor relationships ensures that we consistently provide additional cost saving solutions without compromising the design vision. Additionally, we offer lower overhead than traditional landscape companies all while providing a highly experienced management team.

We strive to overcome any challenge whether site constraints, aggressive schedules or changes in design. We are focused on your satisfaction!

Building memorable places
